### 3.7 Sale of Publications

The AIP may be purchased from the Aeronautical Information Services Department of Civil Aviation, Brunei International Airport, Brunei Darussalam at B\$60.00 per copy (excluding postage). The document is maintained up to date by means of an amendment service. The fee for amendment service is B\$15.00 per year per copy (excluding postage), payable in advance. AIP Supplement and Aeronautical Information Circulars are available free of charge to all subscribers to the AIP Amendment service.

## 4. AIRAC SYSTEM

- 4.1 In order to control and regulate the operationally significant changes requiring amendments to charts, route-manuals etc., such changes, whenever possible, will be issued on predetermined dates according to the AIRAC SYSTEM. This type of information will be published as an AIRAC AIP AMDT or an AIRAC AIP SUP. If an AIRAC AMDT or SUP cannot be produced due to lack of time, NOTAM clearly marked AIRAC will be issued. Such NOTAM will immediately be followed by an AMDT or SUP.

- 4.2 The table below indicates AIRAC effective dates for the coming years. AIRAC information will be issued so that the information will be received by the user not later than 28 days, and for major changes not later than 56 days, before the effective date. At AIRAC effective date, a trigger NOTAM will be issued giving a brief description of the contents of the Supplement effective date and the reference number of the AIRAC AIP AMDT or AIRAC AIP SUP that will become effective on that date. Trigger NOTAM will remain in force as a reminder in the PIB until the new checklist/summary is issued. If no information was submitted for publication at the AIRAC date, a NIL notification will be issued by NOTAM not later than one AIRAC cycle before the AIRAC effective date concerned.
