## High Level Requirements

### Article 1 The Competent Authority

This document establishes high level requirements for the safety of aeronautical telecommunications services for general air traffic in Brunei DCA.

Throughout this document and its subordinate parts the term 'Brunei DCA' shall mean the regulatory (competent authority) element only. Where this regulation addresses the other parts of the Brunei DCA which provide Air Navigation services such as aeronautical telecommunications services it does so using the terms 'Air Navigation Service Providers (ANSP)' and 'providers'.

### Article 2 ICAO Compliance

The Brunei DCA and provider(s) of aeronautical telecommunications in Brunei Darussalam shall comply with the relevant ICAO Annex 10 and Annex 19 Standards and Recommended Practices relating to aeronautical telecommunications unless they are subject to specific national 'differences' which have been filed formally with ICAO and promulgated in the Brunei AIP. All recommended practices promulgated in these ICAO Annexes shall be afforded the same status as standards and implemented accordingly in Brunei Darussalam.
